Yellow Fever Getting So In New Orleans.

VINE UNEXPECTED IN A BUNCH.

One of the Most Eminent Physicians In the South to Be Hauled Over the Coals For Not Properly Reporting Them. At Other Points.

NEW ORLEANS, Sept. 21.—The largest number of cases reported on any day since yellow fever first made its appearance in New Orleans two weeks ago has been recorded on the books of the board of health. There were 18 cases in all, including nine by Dr. Joseph Holt, all of the latter being duly flagged and been put under quarantine regulations.

The most sensational incident of the day was the announcement from Dr. Joseph Holt, ex-president of the board of health, that he had discovered nine cases among his practice, the first of which had come under his observation on Friday. Immediately upon the receipt of the letter the machinery of the board was placed in motion and inspectors were sent to the various houses where Dr. Holt reported sickness to exist. The places were all disinfected and guards placed in front of them, but the board said it had very little hope of the effectiveness of these measures since all those who desired were given an opportunity to escape from the infected houses. One is a fashionable boardinghouse.

Experts attempted to carry out the instructions of the board, but when they proceeded to the first house Dr. Holt entered an objection and refused them permission to examine any of his patients, taking the position that he had properly diagnosed them, and that, being an expert himself, there was no occasion for further investigation. After the experts made their report the board of health went into executive session and discussed at length what was termed Dr. Holt's violation of a city ordinance, which he himself had passed and which provides for the punishment, by fine or imprisonment, of any physician who might fail to report a positive or suspicious case of yellow fever in a period like the present. The question of the immediate prosecution of Dr. Holt came up and was considered, and the board finally decided to summon Dr. Holt to appear before them and explain today his alleged negligence in the premises.

The result of the meeting will decide whether or not there shall be a prosecution of Dr. Holt in the courts. Dr. Holt is one of the most eminent physicians in the south, was for several years president of the board of health, is a yellow fever expert and has an international reputation by reason of his invention of the quarantine system at the south of the river, which has been pronounced the finest in the world and which has been copied by all the leading cities of this and other countries.

MOBILE, Ala., Sept. 21.—One new case; no suspicious cases; no deaths is the situation here. A delightful rain has improved matters.

CAIRO, Ills., Sept. 21.—There are no new developments on yellow fever here. The two patients are getting better at the Marine hospital. Another case is reported at the dredgeboat at East Cairo, Ky. A strict quarantine has been established against all infected points.

DEPLORED THE WAR.

Woodford Paved the Way for an Ultimatum to Spain.

WASHINGTON, Sept. 21.—It can be stated, in reference to the Paris publication purporting to give the substance of General Woodford's communication to the Duke of Tetuan, that there has been a misapprehension on the part of The Temps' correspondent on several important points, notably in respect to an ultimatum and the setting of a time limit for the conclusion of the war. Instead of fixing the end of October next as the date when Spain must end the war or the United States would intervene, that particular date was mentioned as the time when the Spanish court would return to Madrid from San Sebastian, and when, consequently, it might be in order to return an answer to the latest representations of the United States government through Mr. Woodford.

It is declared at the state department that while Mr. Woodford did, according to the original idea of his instructions, set out the deep interest the United States had in witnessing a cessation of the deplorable conflict in Cuba, he did not deliver himself of an ultimatum, but simply made a statement of our deep interest in a settlement of the Cuban war as a reasonable explanation for intervention in any manner at this time.

Mr. Woodford's telegram regarding his conference with the Duke of Tetuan is now before President McKinley.

MADRID, Sept. 21.—In official circles here the greatest secrecy is maintained regarding the United States ultimatum, which is looked upon as bound to cause a great sensation in Europe and to have the greatest consequences for Spain. While not intending it, it is

believed the action of the United States has greatly facilitated a solution of the ministerial crisis.

HURRY SUPPLIES TO KLONDYKE.

Weare and Cudahy Announce This Intention to Secretary Alger.

WASHINGTON, Sept. 21.—Secretary Alger has spent some time in another conference with President Weare and Michael Cudahy of the Alaskan Transportation and Trading company. They announced their intention to make every effort to get as much of the supplies at St. Michaels up the Yukon as possible, and it is expected that three more steamers can be run up before the river closes entirely to navigation.

So far no steps have been taken to ensure the carriage of supplies after that event via the mountain passes, such as Chilkoot, but it is likely that this matter will now enlist the attention of the company's officers. Mr. Weare reported that the steamer Humboldt will be ready to sail from Seattle for St. Michaels next Thursday, so Secretary Alger called a consultation of the bureau officers of the war department to hasten the preparations for the equipment of the troops who are to go forward to Alaska on that vessel.

FOUNDER LADUE SEES ALGER.

He Declares the Steam Sled Plan Is Impracticable.

WASHINGTON, Sept. 21.—Joseph Ladue, the founder of Dawson City, Alaska, and Elmer F. Botsford, who is identified with him in interests there, have arrived here and consulted with Secretary Alger as to the best means to be adopted for relieving the distress

of transportation, express and commercial company of St. Louis, stating that his company has already contracted for several of the locomotives and trains will be running over the Yukon river in December.

BICYCLE USEFUL IN WAR.

Captain Moss' Test Shows It Cannot Entirely Displace the Horse.

WASHINGTON, Sept. 21.—The war department has made public the report of James A. Moss, Twenty-fifth infantry, who commanded the bicycle corps which made the long journey from Fort Missoula, Mont., to St. Louis last summer. The document says:

"The bicycle has a number of advantages over the horse—it does not require as much care; it needs no forage; it moves much faster over fair roads; it is not as conspicuous and can be hidden from view more easily; it is noiseless and raises but little dust, and it is impossible to determine direction from its track."

"Furthermore, the fighting strength of a bicycle corps is not diminished by 'horse holders.' Under favorable conditions the bicycle is invaluable for courier work, scouting duty, road patrolling, rapid reconnaissance, etc. A bicycle corps is an adjunct to infantry or cavalry could render excellent service where speed rather than number is required, such as taking possession of passes, bridges and strong places ahead of the command and holding them until reinforcements could be gotten from the main road."

"On the other hand, in rainy weather, over bad roads, etc., the horse is superior. The very thought of the bicycle doing away with the cavalry altogether is ludicrous. Each has peculiar functions of its own—a peculiar field in which under certain conditions the one is superior to the other. The question, therefore, which confronts us is: Should not a modern, up-to-date army have both that it might avail itself of the advantages of the one or the other, as the proper conditions present themselves?"

PRESIDENT LEAVES TONIGHT.

Will Go Direct to Massachusetts—Gary and Wellington Called.

WASHINGTON, Sept. 21.—President McKinley will leave tonight by special train on the Pennsylvania road, going through to North Adams, Mass., without stop at New York or elsewhere, for a visit. It has been suggested that the president would make an address at a gathering at North Adams on Wednesday, but no decision on this point has been made. Mrs. McKinley will accompany the president on the trip.

Postmaster General Gary and Senator Wellington of Maryland called and had half an hour with the president.

The senator's call occasioned much comment in view of his recent resignation from the chairmanship of the Republican state committee and his withdrawal of support from candidates for federal offices who opposed him.

After the conference the senator would

not discuss what had occurred, but

stated that he expected Mr. Parlett to be appointed collector of internal revenue at Baltimore.

Chief Justice Fuller, Senator Proctor and Attorney General McKenna also

saw the president. Later the presi-

dent held a public reception, several

hundred people attending.

Almost a Double Tragedy.

HUNTINGDON, Pa., Sept. 21.—Mrs. William Barrick, wife of a prominent contractor of this town, has been found dead in bed by the side of her husband, who also had nearly expired. Both had inhaled chloroform with suicidal intent.

The Revolution in Nicaragua.

MANAGUA, Nicaragua, Sept. 21.—An investigation into the revolutionary movement here shows that the disturbances have developed at Grenada and Jinotep. President Zelaya is actively collecting and forwarding soldiers.

that is feared will result in the Klondyke gold fields the coming winter. Mr. Ladue comes to the city at the special request of Secretary Alger.

Mr. Ladue estimates there are 5,000 men in the mining region and unless at least 2,000 of them get away before the Yukon river is frozen they will starve during the coming winter.

With the transportation facilities on the Yukon taxed to the utmost provisions for but 3,000 persons can yet be landed at Dawson City and Circle City. The other 2,000 people will have to leave.

The Yukon river, Mr. Ladue says, is still open to navigation and he thinks the most feasible plan to warn the miners of their impending danger would be to dispatch two couriers over Chilkoot pass. The latter could reach Dawson before navigation on the Yukon closes.

Mr. Ladue declares that the use of a locomotive snowsled on the Yukon, as suggested by Secretary Alger, is impracticable, as the ice is hilly in formation; nor could supplies be taken via the Chilkoot pass.

Will Run Ice Sleds Up Yukon.

WASHINGTON, Sept. 21.—Secretary Alger has been anticipated in his scheme for supplying transportation over the Yukon by steam snowsleds. He received a telegram from E. B. Hartley, secretary of the Klondyke

12,000 GO TO WORK.

Anthracite Strike Believed to Be Ended.

GRADUAL WITHDRAWAL OF TROOPS

General Gobin Considering Such Action. Warrants Served on Sheriff Martin and Deputies — Several Small Outbreaks Quelled by the Soldiers.

HAZLETON, Pa., Sept. 21.—Unless unforeseen developments occur the anthracite coal strike in this region is ended. Twelve thousand men, half of the full complement, returned to work at the Honey Brook collieries of the Lehigh and Wilkesbarre company, as did 300 of the 1,300 at Pardee's Lattimer mines, while the Cranberry, Crystal Ridge and Harwood collieries of the same company and Cox's collieries in the Drifton district remained at work. The latter were to have settled the question of strike yesterday, but at the request of the operators held off until next Thursday. The Hale mines of the Lehigh Valley company are considering the question of returning today and will probably do so. Nearly 5,000 strikers have returned or will do so today, and a little less than that number are still out with indications in favor of their joining the workers.

The only incidents of the situation were small outbreaks at Lattimer and Eckley, both of which were quickly subdued, and the serving of warrants of arrest upon Sheriff Martin and a number of his deputies. At Lattimer a band of women attempted to drive out the 300 Italians who returned to work. They were armed with clubs and stones and moved on the engine house and the company stores. The raid looked forbidding for a time, and was not ended until three companies of the Thirteenth regiment, with fixed bayonets, had pressed back and dispersed the crowds. A number of the Butler valley miners who wanted to return to work at Lattimer were driven back by a body of armed strikers, who met them as they came over the mountain, a mile or more from camp.

The disturbance at Eckley was an attempt by strikers to intimidate the men who wanted to work, and it, too, was quieted down by the troops without violence. The break of the strike is practically a victory for the operators. As in only one or two instances have the demands of the men been granted, although several companies have promised to consider the grievances.

The warrants for the arrest of Sheriff Martin and his deputies were issued by Judges Lynch and Bennett at Wilkesbarre. They were served here and no resistance was made. The writs contain 78 names, including the sheriff's, and the latter has agreed to deliver all the deputies for a hearing today. A company of the Ninth regiment will escort them to Wilkesbarre. General Gobin permitted the service of the writs because he thinks the civil authorities are now able to handle the situation. The gradual withdrawal of the troops is being considered today.

LABOR CHIEFS IN CONFERENCE.

West Virginia Operators May Grant Miners' Demands Today.

WASHINGTON, Sept. 21.—The executive council of the American Federation of Labor is holding a meeting in this city which will continue for some days. There are present President Samuel Gompers, Vice Presidents P. J. Maguire, James Duncan, James McConnell and M. M. Garland and Secretary Morrison. Treasurer John B. Lewis was absent owing to the death of his father at Denver.

President M. D. Ratchford of the United Mine Workers of America and Cameron Miller of the executive board of the latter organization were in conference with the executive council with a view of determining what can be done financially and otherwise to help the miners of West Virginia and Illinois, to whom have not been accorded the wage scale as agreed upon at the Columbus convention.

Frank J. Weber stated that the Kanawha and New River districts, W. Va., are completely tied up.

He also reported that there will be a conference this afternoon at Charleston, W. Va., between members of the coal exchange and the committee of the miners in that state, and the possibilities are that they will come to an agreement. Many of the operators outside of the coal exchange have agreed to grant the conditions asked by the miners, will pay their prices and recognize the union.

Miners About Scranton Strike.

SCRANTON, Pa., Sept. 21.—Four hundred men and boys employed at the Heidelberg colliery No. 1, of the Lehigh Valley company, at Avoca, have quit work. They have several grievances, but the principal one is said to be excessive dockage. Another is a reduction of the price allowed for opening up "gangways" inside the mines. A committee of the miners met superintendent Connors and Assistant Superintendent Owens, who have charge of the mines of the Lehigh Valley company in what is known as the Pittston district. They refused to concede the demands of the men.

BERING SEA LETTERS.

Some of the Correspondence Between This Country and England.

WASHINGTON, Sept. 21.—The state department has made public the correspondence in the Bering sea negotiations which was made public recently in London. The new matter is comprised in two letters, July 28 and 29, last, from Lord Salisbury and Ambassador Hay respectively.

In Lord Salisbury's note is the definition from the British standpoint of the exact scope of the conference in this language:

"I have to state that her majesty's government are willing to agree to a meeting of experts nominated by Great Britain and Canada and by the United States in October next, when the further investigations to be made on the islands during the present season will have been completed."

"The object of the meeting would be to arrive, if possible, at the correct conclusions respecting the numbers, conditions and habits of the seals frequenting the Prioryoff Island at the present time as compared with the several seasons previous and subsequent to the Paris award.

"It seems to her majesty's government that Washington would be the most suitable place for such a meeting."

Ambassador Hay, in his reply, which is very short and in the main a repetition of Lord Salisbury's language, calls attention to one important point that may have been overlooked by the British side or else was ignored purposely, namely, that the conference is to be international in one sense and is not to be confined entirely to representatives of the United States and Great Britain. On this point his letter, which closes the correspondence up to this time, says:

"It may not be out of place for me to recall to your lordship that, as I have already had occasion to mention, the president expects the governments of Russia and Japan, powers interested in the preservation of the seal herds of Bering sea, to be represented at the conference."

New Pennsylvania Postmasters.

WASHINGTON, Sept. 21.—The following Pennsylvania postmasters have been appointed by the president: Charles Seger, Emporia; Clayton O. Slater, Latrobe; Joseph E. Euwer, Natrona; Dan R. Corbus, New Brighton; Thomas L. Hicks, Philadelphia; John C. Koch, Saint Marys; Frank E. Hollar, Shippensburg; John W. Stuart, State College; Samuel O. Comly, Watsontown.

THOMPSON AGREES TO RUN.

Accepts Nomination For State Treasurer on a Pittsburg Platform.

PITTSBURG, Sept. 21.—William R. Thompson has accepted the nomination for state treasurer tendered him by the Old City Hall massmeeting of Saturday, Sept. 11, in a letter addressed to Messrs. John Eaton, George H. Anderson, D. D. Bruce and others.

Mr. Thompson expressed the opinion that things have come to the point that the public treasury is a political asset, that there is presented "the strange spectacle of a free people held in bondage, political and commercial, by a system that crushes liberty of speech and freedom of action," and that we are face to face with another revolution in which the principles of free speech and free press and free men are to be contested for anew. "We must call a halt," he says, "to the appalling use of money in politics." He promises, if elected, the same fidelity to the state he would give any other trust, and will accept election or defeat as a privilege, "if by so doing the cause of good government may be advanced in even the slightest degree."

Perpetual Injunction Against Debts.

WHEELING, Sept. 21.—Judge Jackson has made the injunction against debts at Fairmont perpetual.

LIVERPOOL FOR GOD

Let Our Watchwords Be
"Truth" and "Right."

CHRIST'S SOLDIER IS EVER BRAVE

The Master Commands—He Must Be
Obeyed—No True Minister or Layman
Dare Falter—Report of Duty Performed
Will Be Made at the Judgment Seat.

Do you believe in purity, truth, right and justice? Are you an advocate of clean municipal government? Are you a follower of and a believer in the great giver of all good and perfect gifts? Do you believe that the right should control and that evil should be eradicated? Have you the courage of your convictions? If a minister of the gospel, occupying a pulpit in the city of East Liverpool, dare you denounce evil and evil influences and actions, no matter where they occur, in society, in business life, in municipal government, or even in the pews of your churches? Dare you denounce, in unstinted terms, the saloonkeeper and the man who rents his buildings or rooms for saloon purposes? Dare you refuse to receive into membership in your church all such applicants, informing them that they must first repent of their sins and then quit their infamous actions, ere they can be received into membership in the church founded by the Savior of men? If a member of the church, a layman, professing to be a follower of the meek and lowly Nazarene, dare you make open battle against the saloon and saloon backers and apologists? I do not ask you whether you vote the Republican, Democratic, Prohibition or Populist ticket or not. I simply ask you, as professing Christians, if you dare stand by your Christian manhood and demand that clean government shall control in East Liverpool. Shall rotteness and corruption cease in this municipal government? Shall good men and true, irrespective of party, be placed in municipal offices; men of honor, probity and integrity; men who understand the nature and solemnity of an oath, and who will enforce existing laws and ordinances to the letter, giving us a city rightly and righteously governed, thus creating a public sentiment which will result in wiping off our statute books a class of laws and ordinances which tend only to evil?

You cannot dodge the issue. You are, in a certain measure, your brother's keeper. God will not hold you guiltless, on the great day of final reckoning, if you now stand supinely by and make no effort to block, and kill and root out the evils which exist in East Liverpool. You may say, now, that it is none of your business—you can stand the bad government if others can. You will not make such an answer when God questions you. You would not dare. Let me emphasize a feature which you know to be a fact, namely:

If every voting church member in East Liverpool would take a stand in favor of clean local government, called politics, the evilly disposed pothouse politicians and their co-workers would be relegated to privacy and obscurity, never again to show their deformed and hideous heads, so long as true men and pure women would stand, staunchly and truly, by the principles taught them by the all wise and all powerful Master.

A horse owned by William Clay was released from a field on the Calcutta road, yesterday afternoon, and was caught by N. T. Ashbaugh while wandering about an alley near Lincoln avenue. It is claimed several boys opened the gate leading to the lot and turned the animal loose.

AN AMERICAN WOMAN ABROAD.

The wife of General Porter, present ambassador to France, is thus described by the correspondent of the London Telegraph: "A bright, sunny faced woman, with berry brown eyes and gray hair of that peculiarly attractive snow flecked, silvery gray that American women so advantageously monopolize, suggestive of a marquise Quinze Louis, with powdered coiffure, and who has won golden opinions from the many for her pleasant and kindly way of receiving. It may truthfully be said that in no embassy in Paris are good looks or elegance so well represented as at that of the United States. Upon the present occasion the ambassador's wife wore a lovely gown of soft, silver gray, silken material, slightly a traine and made over pale green glace silk, the dress and basques corsage spangled lightly with steel and inset with pale yellow guipure, forming a floral design, branching to right and left of the tablier in graceful fashion, the green of the underdress peeping charmingly from between the trimming and spangled outline of the lace foliage design. The corsage was finished with narrow plaitings of cream colored mousseline de soie. Her excellency's ornaments were pearls and diamonds."

WOMEN, BICYCLES AND CONSUMPTION.

At a meeting of the American Statistical association Dr. S. W. Abbott, secretary of the state board of health of Massachusetts, presented some figures regarding the proportion of pulmonary tuberculosis in females to that in males in Massachusetts. The rate in 1851 was 1,451 females to 1,000 males; in 1890, 1,055 females to 1,000 males, and in 1895, only 974 females to 1,000 males. Eighteen hundred and ninety-five was the first year in the history of the state in which the number of deaths from phthisis in females was smaller than that in males. The fact that a uniform reduction in the rate of female deaths began some five years ago, about the same time women were beginning to ride the bicycle extensively, Dr. Abbott considers significant, and he is inclined to attribute the decrease in the death rate to the great increase in open air exercise among women by the use of the bicycle.—Sanitarium.

THE INDIANA WAY.

In order to find that women have not the right to vote under the present law the supreme court of Indiana has been compelled to reverse itself. Indeed within three years it has reversed itself three times on this most perplexing woman question—first, in admitting women to the practice of law it holds that the express use of the word "male" in the constitution is no bar to the female; second, in interpreting the right of women to sell liquor the same court holds that the express use of the word "male" is a bar to the right of a female; third, in the right to vote the court holds that by the express mention of the male the female is barred from suffrage. Truly the way of justice is hard in Indiana.—Union Signal.

WAGE REDUCER.

Chapman Is Resourceful as an Oppressor of Workmen.

FIRST TO CHANGE SCREEN

And the Change Amounted to a 25 Per Cent Wage Reduction.

RICH AT COMPANY STORE KEEPING

Men Not Compelled by Rule to Trade at the "Pluck Me," but Suffers if He Does Not.

Jackson, O., Sept. 21.

Not only did Candidate H. L. Chapman lobby at Columbus against the miners' screen bill every time that measure was considered, but he was the direct cause of the agitation among the miners for pay for their work without the intervention of a screen bill at all. Years ago the screen measured but one inch between the bars, which were supposed to be kept straight. All the coal that fell between these inch-apart bars the miner received no pay for. Chapman was the first operator to widen the bars to an inch and a quarter, thus allowing 25 per cent more coal to fall through than with the inch bars. Of course with so large an operator using inch and a quarter bars his competitors were compelled to follow suit, and soon all operators had put in the wide-barred screens, thus depriving the miner of just so much more of his wages. Twenty-five per cent more coal will fall between inch and a quarter bars than through inch bars, and this new scheme of Chapman's amounted to a reduction of 25 per cent in the miners' wages.

Be it remembered that although the miner receives nothing for mining coal that falls between the bars of the screen, the operator sells all of that product, the net for 10 per cent of the price for lump and the slack for 50 per cent of the price. If the miners received pay for mining the coal that goes through the screens in proportion to the amount received for that coal by the operators, there could then be little or no grounds for complaint on the part of the miner. But when all that goes through this screen is not paid for at all, any increase of that which drops through by enlarging the size of the screens is but another way of cutting down the wages of the miner. Chapman, "the best friend the miners ever had," as he is having himself heralded about the state nowadays, is the author of this method of wage reduction.

The bars of all screens are supposed to be kept straight. Wherever a bend in one of the bars occurs larger pieces of coal fall through than would otherwise, and therefore this understanding amounts to a rule. And yet the bars of the screen that was used in at least one of the Chapman mines at the time the men went on a strike were so bent and warped that much of the lump coal fell through that ought to have been saved and credited to the men who dug it out of Chapman's mine.

John McBride, ex-president of the Mine Workers' association, who is now supposed to be supporting Chapman for governor and is really whooping it up for McLean for senator in his Columbus newspaper, says of Operator Chapman: "He is not worse than many other operators, except that he delights in taking the leadership and initiative against the laboring people."

Ex-Labor Commissioner Ray says of Chapman: "He is an aggressive, vindictive fighter against the miners. Others may prepare the balls, but Mr. Chapman always fires them. He may also have prepared many of the balls that he has fired so destructively into the ranks of the workmen."

The kind of balls that Chapman has fired at workmen is in taking the lead as an operator in all reductions of wages, conferences about fresh air in the mines, controversies over company stores, where the miner has to pay 20 per cent more for his provisions than in other stores where he could trade with cash if he had it.

There is no rule in existence compelling Chapman's miners to trade at his company store. That is to say, Chapman does not say to his men, "You must trade at my company store." There are other ways than making rules. For instance, if a miner trades at a city store because he has the cash finds himself shifted in his work from a room where the coal run is comparatively thick into a room where it is either thin or worked out. The result is that he has to work harder for less compensation than he did before. It soon develops that he has no cash with which to trade at cash stores

SCORCHING IN BUSINESS.

The bicyclist is not the only man who scorches. There are business-scorchers, professional-scorchers, mechanic-scorchers, and laborer-scorchers. The man who overworks, who scorches, no matter what his occupation, and at the same time neglects his health, will sooner or later pay a penalty in sickness and possibly premature death.

If a man will always watch his health and correct minor irregularities by a resort to the right remedy, he may do a reasonable amount of scorching without serious results. Nearly all serious maladies are the result of imperfect nutrition. Imperfect nutrition is just another name for starvation. A man may eat voraciously and still starve. He may put on an eighth of a ton of sickly flabby flesh and have a big, corpulent stomach, and still be starving. He may scorch until he goes to the opposite extreme and gets thin as a rail, and he is still starving. The trouble lies in the fact that no matter how much food is taken it is not properly assimilated. The blood does not receive the life-giving elements of the food that build firm, healthy flesh, solid muscle and vibrant nerve fibers. Dr. Pierce's Golden Medical Discovery makes the assimilation perfect. It makes solid, healthy flesh, without raising the weight above Nature's normal. At all medicine stores.

E. M. Seavolt, of No. 427 Sandusky St., Mount Vernon, Knox Co., Ohio, writes: "I can heartily recommend your 'Golden Medical Discovery' to any one who is troubled with indigestion and torpid liver; I was that bad it was about chronic with me. All the other medicines could give me no relief, but at last, what came to my relief was that wonderful medicine—the 'Golden Medical Discovery.' I could scarcely eat anything—it would put me in terrible distress in my stomach; I had a dull aching and grinding pain in my stomach with pain in my right side and back, and headache, bad taste in my mouth, at night I was feverish and the soles of my feet burned."

I took four bottles of the 'Discovery' and two vials of the 'Pellets.' I am well and hearty and can eat as well as any body can,—thanks to your 'Discovery.'

The pain was often sharp and penetrating, especially when stooping or lifting, and it was impossible to get rid of the trouble until I used Doan's Kidney Pills. I got a box of them at the W. & W. Do you believe in purity, truth, right and justice? Are you an advocate of clean municipal government? Are you a follower of and a believer in the great giver of all good and perfect gifts? Do you believe that the right should control and that evil should be eradicated? Have you the courage of your convictions? If a minister of the gospel, occupying a pulpit in the city of East Liverpool, dare you denounce evil and evil influences and actions, no matter where they occur, in society, in business life, in municipal government, or even in the pews of your churches? Dare you denounce, in unstinted terms, the saloonkeeper and the man who rents his buildings or rooms for saloon purposes? Dare you refuse to receive into membership in your church all such applicants, informing them that they must first repent of their sins and then quit their infamous actions, ere they can be received into membership in the church founded by the Savior of men? If a member of the church, a layman, professing to be a follower of the meek and lowly Nazarene, dare you make open battle against the saloon and saloon backers and apologists? I do not ask you whether you vote the Republican, Democratic, Prohibition or Populist ticket or not. I simply ask you, as professing Christians, if you dare stand by your Christian manhood and demand that clean government shall control in East Liverpool. Shall rottenness and corruption cease in this municipal government? Shall good men and true, irrespective of party, be placed in municipal offices; men of honor, probity and integrity; men who understand the nature and solemnity of an oath, and who will enforce existing laws and ordinances to the letter, giving us a city rightly and righteously governed, thus creating a public sentiment which will result in wiping off our statute books a class of laws and ordinances which tend only to evil?

Be it remembered that although the miner receives nothing for mining coal that falls between the bars of the screen, the operator sells all of that product, the net or 10 per cent of the price for lump and the slack for 50 per cent of the price. If the miners received pay for mining the coal that goes through the screens in proportion to the amount received for that coal by the operators, there could then be little or no grounds for complaint on the part of the miner. Obeying a hasty impulse, he went in.

"I wish you would see if there is anything the matter with my mouth," he said to the dentist.

The dentist made an examination.

"You have a bad wisdom tooth," he said.

"Pull it out."

It was pulled out.

The expense was 50 cents.

When Mr. Spoonamore got home, he found that his throat trouble was entirely gone.

But he still has his \$30 bottle of medicine, which may come handy if he ever really has organic throat trouble complicated with symptoms of tonsilitis—Chicago Tribune.

SCHOOLS WILL CLOSE

If Many More Cases of Diphtheria Appear.

TWO CHILDREN ARE NOW ILL

They Have Come In Contact With a Number of Others, and the Result Is Feared. Refused to Pay His Fine--The Football Game--Sentenced a Boy.

Some excitement was occasioned yesterday by the announcement that two cases of diphtheria had been added to the number already in town, and there was a strong probability that the schools would be closed for another season. One case developed at the residence of J. F. McQueen, and the other in the home of A. R. Wells, Main street. The afflicted ones have been at school regularly since the opening, and have as a result come in contact with a great many pupils. The rumor was current that the schools would again be closed, owing to the fear that the disease would spread. The health officer is carefully watching the cases, and if there is danger the school children will likely have their vacations prolonged until the most serious cases have disappeared from the town.

How They Will Play.

The following is the lineup of the Wellsville Athletic club eleven who are to meet the Geneva college team at Beaver Falls Saturday: Smith, c.; Fisher, r. g.; Gossett, l. g.; R. Brockett, r. t.; H. Brockett, l. t.; Stewart, r. e.; Haugh or Aughenbaugh, l. e.; Morris, r. h. b.; Heakin, l. h. b.; Davis, f. b.; Cloherty, q. b.; Burchard, Haugh, Aughenbaugh, Snediker or Brennan, subs; Rayl, coach.

The boys are at practice late each evening and mean to put up a stiff game.

On October 2 the eleven will meet the Acme's, of Steubenville, on home grounds.

Never Do It Again.

Charley Swaney was the name given by the lad arrested here for attempting to take an umbrella from a Front street residence. Mayor Jones fined him \$1 and costs, and gave him a lecture he will not soon forget, promising to send him to the works if he repeated the offense. The boy said his home was in Liverpool, and Officer Johnson accompanied him to that place where the fine was secured.

Refused to Pay His Fare.

Frank McClelland, of the West End, was taken from a street car yesterday afternoon and allowed to defend himself before Mayor Jones. He had objected to paying his fare, and quarreled with the motorman. He refused to leave the car and there was a scene.

Come Home.

John Caldwell and family have returned from their camp on Little Beaver.

The Buckeye Club broke camp at Cannon's Mill yesterday, and are once more in their pleasant quarters in Main street.

Gone West.

James Prosser and family left for Pittsburgh yesterday, and from that place they will start for Cripple Creek, Col. George Prosser will accompany them and make the west his future home.

Attending the Convention.

A number of leading Democrats are in Steubenville attending the senatorial convention and standing ready to support George B. Aten for senator. They say they will stand by him to the last.

The News of Wellsville.

It is said that there will soon be a change in the management of the Ohio Gas company.

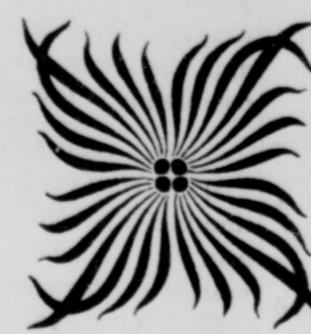

John Crawford looked into the bottom of the cup too often, and became so drunk that the police found it necessary to attend to his case. Mayor Jones fined him \$4.60, and John purchased his liberty.

Mr. Buchanan, of Holliday's Cove, was in town yesterday and went to Irondale. He will return today.

Jefferson Patterson has taken the position of foreman at the Pioneer. Mr. Patterson held this position for a number of years, but a few months ago he went to Palestine, where he was employed by the Sebring company.

Messrs. Radir, Costello and Putt drove to Negley last Sunday. They lost their way in the fog coming home, and after driving all night arrived here at 5 o'clock Monday morning.

REPUBLICAN TICKET.

Governor, Asa S. Bushnell.
Lieutenant governor, A. W. Jones.

For Infirmary Director, C. D. Filson of Center township.

THE advance agent of prosperity has passed, and the show seems to be here with a first class performance.

IE Spain keeps Weyler in position much longer it will not be necessary for this government to help the Cubans.

THE Republican leaders are working hard for success, and if present indications count for anything the vote in November will be most gratifying.

THE appointment of a postmaster, after he has been selected by the people who stood so loyally by the ticket last year, cannot but result in entire satisfaction to all parties.

MR. BRYAN continues to attract crowds in the west, but it is noticed that he now confines his engagements to county fairs. The crowds would go there anyway, and the boy orator takes no chances.

CANDIDATE CHAPMAN'S record as an employer of labor does not show to a marked-degree any particular evidence of unselfishness, nor are there instances where he has sacrificed himself in order that his men might be benefited. And no one knows it better than the men who have worked for Candidate Chapman.

PERHAPS the most conspicuous feature of the campaign to the present is the manner in which the people refuse to seize upon the silver issue and love it with a burning passion. If the Spring field frost is a fair sample McLean and his followers can do no better than publicly renounce their allegiance to Bryan and his white metal.

NOT POPULAR.

There might have been a time a few years ago when Debsism and the nonsense contained in the doctrine of Social Democracy stood some chance of becoming popular, but that time has passed. The people are too busy to hear that siren song with any degree of patience. They are content to adhere to tried ideas of government rather than risk their present prosperity and future prospects in a scheme so far from orthodox reasoning. Realizing what they escaped in killing the silver sentiment, they have no desire to take chances again.

TIME FOR ACTION.

Business activity on this side of the water always means an influx of more or less undesirable people from the countries of Europe. As soon as it becomes generally known that America is prosperous Italy and Austria will pour its poor into Castle Garden, and the result will be more of just what we have been having. The time is here for restriction. Uncle Sam is ever willing to receive intelligent, industrious natives of other countries who desire to make America their home, but he has no room for the poor and vicious and ignorant, while they, perhaps, will fare better if they remain on the other side. Congress at its next session should enact such legislation as will prevent the landing of undesirable people, that will keep out those who come for no other purpose than to live at the expense of the people already here.

GEO. ATEN NAMED

Democrats Nominated a Senatorial Candidate.

IT WAS DONE IN A HURRY

Other Men Were Suggested, and It Was Thought There Would Be a Contest, But Opposition to the Wellsville Man Disappeared and He Came Out With Colors Flying—The Resolutions—Declared For Silver.

STEUBENVILLE, Sept. 21.—[Special]—The senatorial convention was advertised for this place today, but until the Columbian delegation came in this morning there was no evidence of any unusual political stir in this particular part of the world. Wellsville and East Liverpool came in early enough to make some noise and awaken the town to a realization of what was happening.

The Liverpool and Wellsville delegates might have numbered 25, and Miller, of Columbian, and Arnold of Leetonia, were already here to push the cause along. It was expected that Harrison and Belmont would arrive soon after noon, and the convention could get down to business in Mayor Riley's office at 1 o'clock. Columbian arraigned to caucus and organize at noon. Attorney Jeff Forner, of Wellsville, said so, and what he says down here seems to meet with the unqualified endorsement of his fellows.

The situation is peculiar to say the least, and none know it better than the men who are as defty, as circumstances will permit, pulling the ropes.

Colonel Poorman, of Bellaire, has been mentioned many times for the senatorship, but the mere fact that Colonel Poorman does not trace his place in the party back so very far has not tended to increase his chances for winning the election, even though he secured the nomination. Now, the colonel learned some things when he was a Republican, and among them was the lack of glory when a poorly-led, forlorn hope fails. Taking this to the present situation, he only smiled blandly when Mr. Forner and Mr. Miller approached him last night in Bellaire, and asked if he would be a candidate. Then he explained. He had neither the desire nor the money to make a canvass, he said, and that settled it. The gentlemen returned to Steubenville determined to hunt another candidate.

The next man mentioned is Joseph Bertele, a leading Populist and labor advocate of Mingo. He was at one time prominently connected with the Amalgamated Association of Iron and Steel workers, and was later third vice president of the American Federation of Labor. Now all these things are popularly supposed to push a man nearer the goal of his ambition, especially when that goal is office at the hands of the Democratic party, but in this instance there seems no hope. Mr. Bertele's name will likely be presented by his friends in Jefferson county, but beyond that nothing is anticipated so far as the Mingo man is concerned.

That leaves George B. Aten, of Wellsville, for consideration, and even though many of his friends declare he has a walk away, there are others who say Mr. Aten is by no means sure of his position. The reason for this condition is very plain. Mr. Aten is observed with some suspicion by those friends of silver in the party who are determined to die in the last ditch, if die they must. With them, it

SORE MOUTH.

This is an extremely painful disease, often lasting for weeks when only the ordinary remedies are used. Those who have suffered from Sore Mouth can best understand the value of a remedy by the use of which the worst case of Sore Mouth is

INSTANTLY RELIEVED.

This is just what Tonsiline, that wonderful Sore Throat remedy, does. Not only does the first dose give relief, but again a very few doses are given the worst Sore Mouth is

CURED.

Read what a well-known citizen of East Palestine, O., says about Tonsiline:

EAST PALESTINE, O., Jan. 8, 1896.

The Tonsiline Co.
During the past 13 years I have frequently suffered from a very severe and painful form of Ulcerated Sore Mouth. Tonsiline is the only remedy I have ever found that is a sure and quick cure for this most distressing ailment.

Tonsiline works like magic, relieving at once, and curing very quickly. I have also used Tonsiline in my family for Croup and Sore Throat and can freely command it as a needed family remedy.

is silver first, last and all the time, and they will have nothing or nobody who does not agree with them on that point. For that reason they are not supporting Mr. Aten. Strange to say this opposition has developed right in his own county, and among his own people, and before he can be nominated he must ride over them rough shod, or put forth a tempting morsel that will overcome their opposition.

AT WORK.

The Convention Soon Got Down to Business.

STEUBENVILLE, Sept. 21.—[Special]—A few minutes before noon the Columbian delegation received a telegram saying the northern part of the county had missed the train. They decided not to wait, and caucused with the following result:

Chairman, T. J. Forner; rules, F. D. Miller; resolutions, Editor Arnold; credentials, J. J. Weisend.

They then went to the council chamber where perhaps 50 people had gathered, Belmont county not having arrived. It was 2 o'clock when Mr. Weisend called for nominations for temporary chairman, and Editor McFadden, of Steubenville, said that according to an agreement with Columbian he would name W. S. Bigger, of Harrison, and move he be made permanent chairman. The motion carried, and P. J. McGuire, of Jefferson, was made secretary.

Editors Arnold and McFadden and D. R. Colville were made a committee on resolutions, and F. D. Miller, G. W. Bell and Jacob Lewis on rules and order of business. The convention then rested five minutes.

Upon reconvening the committee on resolutions reported. They reaffirmed their loyalty to the principles of the Chicago platform, and urged the people to elect a man who will support them. The Republican party is arraigned for high salaries in county offices, and lower salaries recommended.

They were adopted with a rush, and Mr. Forner nominated Mr. Aten for senator. Mr. McFadden seconded, and Walter Cook moved the secretary cast the ballot. That settled it. Mr. Aten was brought in, and made a silver speech.

ON THE GRIDIRON.

New Castle Will Play at Rock Spring Next Friday.

Manager Rose was notified today that the New Castle team would play against the Monarchs at Rock Spring next Friday.

James Nagle had his neck hurt in the practice game at West End park yesterday evening.

East End will hold its first practice tonight, and will soon challenge the Monarchs for a game.

The Rovers will meet this evening for the purpose of making preparation for the season. The team this year will be the best in the history of the club.

IN A FEW MONTHS

The Elks Will Occupy Their New Quarters.

Work on the Knowles building is progressing rapidly, and the Elks expect to occupy their new quarters not later than Dec. 1. The rooms will be handsomely furnished and provided with every comfort that money can purchase. The lodge now numbers in the near neighborhood of 100 members, and there will be others after the new quarters are occupied.

The College Boys.

Geo. H. Kelly went to Cleveland this morning and will enter the law school of the Western Reserve university. He is a member of the Princeton class of '97 where he graduated with honors. His father, J. M. Kelly accompanied him, and will return the last of the week.

George Gaston will return next week to Washington, Pa., where he will resume his studies at Washington and Jefferson college.

J. M. Cartwright will return next week to the University of Michigan at Ann Arbor where he is a student in the dental department.

Columbian county is represented at Franklin college, Athens, O., by Herbert Yeo, James Stevenson and W. C. Croft.

Still on Deck.

See here, everybody interested, make note of the fact that T. O. Timmons, the painter, is still on deck, doing first class work, at most reasonable prices. You can find T. O. at the corner of Drury Lane and Peach alley, where all orders left will have prompt attention.

Well Known Here.

John Deviney, of Pittsburg, was in the city on business today. He is well known here, having resided for a number of years in Salineville.

IT'S A BEAUTY.

Meaning the Memorial Chapel In Riverview view.

Contractor Floto and his men have advanced so far in the construction of the memorial chapel at Riverview park that the proportions of the building can readily be seen. The building is a beauty, and the stonework already completed is by long odds the finest in the county. Work is being pushed rapidly, and the contractor is confident of its completion at the appointed time.

Some Social Events.

Miss Marie Sutton entertained a number of friends at her home in Lincoln avenue last evening. The time was most enjoyably spent.

The Rathbone Sisters conducted a most delightful social in their hall last evening. It was largely attended.

Mr. and Mrs. E. M. Knowles will entertain at their home in Seventh street next Friday evening.

ORDINANCE 528.

A ORDINANCE GRANTING PERMISSION to T. C. Forster, his heirs and assigns, to construct and operate a street railroad over and along street railroad route No. 3, as established by ordinance No. 523, passed August 10th, 1897.

WHEREAS, The council of the city of East Liverpool did by ordinance No. 523, passed the 10th day of August, 1897, establish street railroad route No. 3; and

WHEREAS, J. N. Hanley, city clerk of said city, in pursuance of the direction in said ordinance contained, did give notice by publication in the daily Crisis, a newspaper published daily in said city, and of general circulation therein, for three consecutive weeks next preceding the 6th day of September, 1897, advising that sealed proposals would be received until 12 o'clock m. of Monday the 6th day of September, 1897, by the board of improvements of said city for the grant of the right to construct and operate said street railroad route as established in said ordinance No. 523;

WHEREAS, Bids were received by said board at the time mentioned in said notice and were opened by said board at said time, and it appearing that T. C. Forster proposes to carry passengers on said street railroad at lower rates of fare than any other bidders, viz: For single cash fare, five (5) cents each; computation tickets in packages twenty (20) for one (\$1.00) dollar, ten (10) for fifty (50) cents and five (5) for twenty-five (25) cents, and has filed with said board of improvements the written consent of a majority of the property owners on the line of said proposed street railroad, represented by the feet front on the lots abutting upon the streets it is proposed to construct such street railroad. Now, therefore, be it ordained by the council of the city of East Liverpool, as follows:

SECTION 1. That permission be and is hereby granted to T. C. Forster, his heirs or assigns, to construct and operate said street railroad route No. 3, as follows: Commencing at a point at the intersection of Eighth street and the Lisbon road, thence northward along the Lisbon road to the corporate limits. The number of tracks on each street to be one (1) with the necessary turnouts and switches.

SECTION 2. That the foregoing grant shall be for the term of 25 years and shall be subject to all the terms and conditions contained in an ordinance entitled: "An ordinance regulating the construction of street railways in the city of East Liverpool, Ohio," (Ordinance No. 509), passed the 24th day of November, 1896, with the exception that the privilege is granted of using a T rail where the roadway is not paved, and shall be subject to all the terms and conditions contained in ordinance No. 53, establishing said route, passed the 10th day of August, 1897.

SECTION 3. That the rate of fare shall at no time exceed the rate named in the preamble to this ordinance, viz: Single cash fare five (5) cents; computation tickets in packages twenty (20) for one (\$1.00) dollar, ten (10) for fifty (50) cents and five (5) for twenty-five (25) cents, and that cars be run as the public convenience may require.

SECTION 4. It is expressly understood as a condition of this grant, that if said T. C. Forster, his heirs or assigns, shall neglect or refuse to perform on his part any of the conditions in ordinances as hereinbefore set forth or that may be passed from time to time by said council, this grant shall be that neglect or refusal be rescinded. This ordinance becomes null and void upon the passage of an ordinance of the council of the city of East Liverpool to that effect.

SECTION 5. This ordinance shall take effect from and after its passage and legal publication.

Passed this 17th day of September, 1897.

GEORGE PEACH,

President of Council.

Attest: JAMES N. HANLEY,

City Clerk.

Published in the East Liverpool News Review August 21, 1897.

ORDINANCE No. 529.

A ORDINANCE TO IMPROVE THE west side of Jefferson street from the C. & P. R. R. to the south line of Third street.

SECTION 1. Be it ordained by the council of the city of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring), that the improving of the west side of Jefferson street be proceeded with in accordance with the resolution to improve said street, passed August 10th, A. D., 1897, and the plans and specifications on file in the office of the city engineer. The proposed improvement shall consist in grading the west sidewalk and side drain, setting the curb, paving the sidewalk and side drain, with bricks as called for in the resolution for the said improvement.

SECTION 2. That the expense of the said improvement, including damages, if any, assessed in favor of any land owner, together with interest on bonds that may be issued, advertising, &c., shall be assessed per foot front on the property bounding or abutting thereon, in accordance with the law and ordinances on the subject of assessments. The assessments therefor to be paid in five (5) annual installments if deferred, and the same collected as provided by law and in the assessing ordinance hereafter to be passed.

Bonds may be issued in anticipation of the collection of the assessments, unless the property owners pay their assessments before the bonds are issued and within the time prescribed in the assessing ordinance. The following is the property to be assessed:

Lot 160, 130 feet; lot 161, 104 feet.

SECTION 2. That this ordinance shall take effect and be in force from and after its passage and legal publication.

EAST LIVERPOOL, O., TUESDAY SEPT. 21.

REPUBLICAN TICKET.

Governor, Asa S. Bushnell.
Lieutenant governor, A. W. Jones.
Supreme Judge, Jacob A. Burkett.
Attorney general, Frank Monnet.
State treasurer, Samuel Campbell.
School Commissioner, L. D. Bonebrake.
Member of Board of Public Works, C. A. Doddard.
For Senator, W. V. Blake.
For Representative, P. M. Ashford of Washington township.
For Treasurer, Charles E. Smith of Fairfield township.
For Sheriff, Charles Gill of Liverpool township.
For Commissioner, W. K. George of Madison township.
For Prosecutor, J. H. Brookes of Liverpool township.
For Infirmary Director, C. D. Filson of Center township.

THE advance agent of prosperity has passed, and the show seems to be here with a first class performance.

IF Spain keeps Weyler in position much longer it will not be necessary for this government to help the Cubans.

THE Republican leaders are working hard for success, and if present indications count for anything the vote in November will be most gratifying.

THE appointment of a postmaster, after he has been selected by the people who stood so loyally by the ticket last year, cannot but result in entire satisfaction to all parties.

MR. BRYAN continues to attract crowds in the west, but it is noticed that he now confines his engagements to county fairs. The crowds would go there anyway, and the boy orator takes no chances.

CANDIDATE CHAPMAN's record as an employer of labor does not show to a marked-degree any particular evidence of unselfishness, nor are there instances where he has sacrificed himself in order that his men might be benefited. And no one knows it better than the men who have worked for Candidate Chapman.

PERHAPS the most conspicuous feature of the campaign to the present is the manner in which the people refuse to seize upon the silver issue and love it with a burning passion. If the Springfield frost is a fair sample McLean and his followers can do no better than publicly renounce their allegiance to Bryan and his white metal.

NOT POPULAR.

There might have been a time a few years ago when Debsism and the nonsense contained in the doctrine of Social Democracy stood some chance of becoming popular, but that time has passed. The people are too busy to hear that siren song with any degree of patience. They are content to adhere to tried ideas of government rather than risk their present prosperity and future prospects in a scheme so far from orthodox reasoning. Realizing what they escaped in killing the silver sentiment, they have no desire to take chances again.

TIME FOR ACTION.

Business activity on this side of the water always means an influx of more or less undesirable people from the countries of Europe. As soon as it becomes generally known that America is prosperous Italy and Austria will pour its poor into Castle Garden, and the result will be more of just what we have been having. The time is here for restriction. Uncle Sam is ever willing to receive intelligent, industrious natives of other countries who desire to make America their home, but he has no room for the poor and vicious and ignorant, while they, perhaps, will fare better if they remain on the other side. Congress at its next session should enact such legislation as will prevent the landing of undesirable people, that will keep out those who come for no other purpose than to live at the expense of the people already here.

GEO. ATEN NAMED

Democrats Nominated a Senatorial Candidate.

IT WAS DONE IN A HURRY

Other Men Were Suggested, and It Was Thought There Would Be a Contest, But Opposition to the Wellsville Man Disappeared and He Came Out With Colors Flying—The Resolutions—Declared For Silver.

STEUBENVILLE, Sept. 21.—[Special.]—The senatorial convention was advertised for this place today, but until the Columbian delegation came in this morning there was no evidence of any unusual political stir in this particular part of the world. Wellsville and East Liverpool came in early enough to make some noise and awaken the town to a realization of what was happening.

The Liverpool and Wellsville delegates might have numbered 25, and Miller, of Columbian, and Arnold of Leetonia, were already here to push the cause along. It was expected that Harrison and Belmont would arrive soon after noon, and the convention could get down to business in Mayor Riley's office at 1 o'clock. Columbian arraigned to caucus and organize at noon. Attorney Jeff Forner, of Wellsville, said so, and what he says down here seems to meet with the unqualified endorsement of his fellows.

The situation is peculiar to say the least, and none know it better than the men who are as deftly, as circumstances will permit, pulling the ropes. Colonel Poorman, of Bellaire, has been mentioned many times for the senatorship, but the mere fact that Colonel Poorman does not trace his place in the party back so very far has not tended to increase his chances for winning the election, even though he secured the nomination. Now, the colonel learned some things when he was a Republican, and among them was the lack of glory when a poorly-led, forlorn hope fails. Taking this to the present situation, he only smiled blandly when Mr. Forner and Mr. Miller approached him last night in Bellaire, and asked if he would be a candidate. Then he explained. He had neither the desire nor the money to make a canvass, he said, and that settled it. The gentlemen returned to Steubenville determined to hunt another candidate.

The next man mentioned is Joseph Bertele, a leading Populist and labor advocate of Mingo. He was at one time prominently connected with the Amalgamated Association of Iron and Steel workers, and was later third vice president of the American Federation of Labor. Now all these things are popularly supposed to push a man nearer the goal of his ambition, especially when that goal is office at the hands of the Democratic party, but in this instance there seems no hope. Mr. Bertele's name will likely be presented by his friends in Jefferson county, but beyond that nothing is anticipated so far as the Mingo man is concerned.

That leaves George B. Aten, of Wellsville, for consideration, and even though many of his friends declare he has a walk away, there are others who say Mr. Aten is by no means sure of his position. The reason for this condition is very plain. Mr. Aten is observed with some suspicion by those friends of silver in the party who are determined to die in the last ditch, if die they must. With them, it

SORE MOUTH.

This is an extremely painful disease, often lasting for weeks when only the ordinary remedies are used. Those who have suffered from Sore Mouth can best understand the value of a remedy by the use of which the worst case of Sore Mouth is

INSTANTLY RELIEVED.

This is just what Tonsiline, that wonderful Sore Throat remedy, does. Not only does the first dose give relief, but again a very few doses are given the worst Sore Mouth is

CURED.

Read what a well-known citizen of East Palestine, O., says about Tonsiline:

EAST PALESTINE, O., Jan. 8, 1896.
The Tonsiline Co.

During the past 13 years I have frequently suffered from a very severe and painful form of Ulcerated Sore Mouth. Tonsiline is the only remedy I have ever found that is a sure and quick cure for this most distressing ailment.

Tonsiline works like magic, relieving at once, and curing very quickly. I have also used Tonsiline in my family for Grop and Sore Throat and can freely command it as a needed family remedy.

is silver first, last and all the time, and they will have nothing or nobody who does not agree with them on that point. For that reason they are not supporting Mr. Aten. Strange to say this opposition has developed right in his own county, and among his own people, and before he can be nominated he must ride over them rough shod, or put forth a tempting morsel that will overcome their opposition.

AT WORK.

The Convention Soon Got Down to Business.

STEUBENVILLE, Sept. 21.—[Special]—A few minutes before noon the Columbian delegation received a telegram saying the northern part of the county had missed the train. They decided not to wait, and caucused with the following result:

Chairman, T. J. Forner; rules, F. D. Miller; resolutions, Editor Arnold; credentials, J. J. Weisend.

They then went to the council chamber where perhaps 50 people had gathered, Belmont county not having arrived. It was 2 o'clock when Mr. Weisend called for nominations for temporary chairman, and Editor McFadden, of Steubenville, said that according to an agreement with Columbian he would name W. S. Bigger, of Harrison, and move he be made permanent chairman. The motion carried, and P. J. McGuire, of Jefferson, was made secretary.

Editors Arnold and McFadden and D. R. Colville were made a committee on resolutions, and F. D. Miller, G. W. Bell and Jacob Lewis on rules and order of business. The convention then rested five minutes.

Upon reconvening the committee on resolutions reported. They reaffirmed their loyalty to the principles of the Chicago platform, and urged the people to elect a man who will support them. The Republican party is arraigned for high salaries in county offices, and lower salaries recommended.

They were adopted with a rush, and Mr. Forner nominated Mr. Aten for senator. Mr. McFadden seconded, and Walter Cook moved the secretary cast the ballot. That settled it. Mr. Aten was brought in, and made a silver speech.

ON THE GRIDIRON.

New Castle Will Play at Rock Spring Next Friday.

Manager Rose was notified today that the New Castle team would play against the Monarchs at Rock Spring next Friday.

James Nagle had his neck hurt in the practice game at West End park yesterday evening.

East End will hold its first practice tonight, and will soon challenge the Monarchs for a game.

The Rovers will meet this evening for the purpose of making preparation for the season. The team this year will be the best in the history of the club.

IN A FEW MONTHS

The Elks Will Occupy Their New Quarters.

Work on the Knowles building is progressing rapidly, and the Elks expect to occupy their new quarters not later than Dec. 1. The rooms will be handsomely furnished and provided with every comfort that money can purchase. The lodge now numbers in the near neighborhood of 100 members, and there will be others after the new quarters are occupied.

The College Boys.

Geo. H. Kelly went to Cleveland this morning and will enter the law school of the Western Reserve university. He is a member of the Princeton class of '97 where he graduated with honors. His father, J. M. Kelly accompanied him, and will return the last of the week.

George Gaston will return next week to Washington, Pa., where he will resume his studies at Washington and Jefferson college.

J. M. Cartwright will return next week to the University of Michigan at Ann Arbor where he is a student in the dental department.

Columbian county is represented at Franklin college, Athens, O., by Herbert Yeo, James Stevenson and W. C. Croft.

Still on Deck.

See here, everybody interested, make note of the fact that T. O. Timmons, the painter, is still on deck, doing first class work, at most reasonable prices. You can find T. O. at the corner of Drury Lane and Peach alley, where all orders left will have prompt attention.

Well Known Here.

John Deviney, of Pittsburg, was in the city on business today. He is well known here, having resided for a number of years in Salineville.

IT'S A BEAUTY.

Meaning the Memorial Chapel In River view.

Contractor Floto and his men have advanced so far in the construction of the memorial chapel at Riverview park that the proportions of the building can readily be seen. The building is a beauty, and the stonework already completed is by long odds the finest in the county. Work is being pushed rapidly, and the contractor is confident of its completion at the appointed time.

Some Social Events.

Miss Marie Sutton entertained a number of friends at her home in Lincoln avenue last evening. The time was most enjoyably spent.

The Rathbone Sisters conducted a most delightful social in their hall last evening. It was largely attended.

Mr. and Mrs. E. M. Knowles will entertain at their home in Seventh street next Friday evening.

ORDINANCE 528.

A N ORDINANCE GRANTING PERMISSION to T. C. Forster, his heirs and assigns, to construct and operate a street railroad over and along street railroad route No. 3, as established by ordinance No. 523, passed August 10th, 1897.

WHEREAS, The council of the city of East Liverpool, did by ordinance No. 523, passed the 10th day of August, 1897, establish street railroad route No. 3; and

WHEREAS, In pursuance of the direction in said ordinance contained, did give notice by publication in the daily Crisis, a newspaper published daily in said city, and of general circulation therein, for three consecutive weeks next preceding the 5th day of September, 1897, advising that sealed proposals would be received until 12 o'clock m. of Monday the 6th day of September, 1897, by the board of improvements of said city for the grant of the right to construct and operate said street railroad route as established in said ordinance No. 523; and

WHEREAS, Bids were received by said board at the time mentioned in said notice and were opened by said board at said time, and it appearing that T. C. Forster proposes to carry passengers on said street railroad at lower rates of fare than any other bidders, viz: For single cash fare, five (5) cents each; computation tickets in packages twenty (20) for one (\$1.00) dollar, ten (10) for twenty (20) cents, and five (5) for twenty-five (25) cents, and has filed with said board of improvements the written consent of a majority of the property owners on the line of said proposed street railroad, represented by the feet front on the lots abutting upon the streets it is proposed to construct such street railroad. Now therefore, be it ordained by the council of the city of East Liverpool, as follows:

SECTION 1. That permission be and is hereby granted to T. C. Forster, his heirs or assigns, to construct and operate said street railroad route No. 3, as follows: Commencing at a point at the intersection of Eighth street and the Lisbon road, thence northward along the Lisbon road to the corporate limits. The number of tracks on each street to be one (1) with the necessary turnouts and switches.

SECTION 2. That the foregoing grant shall be for the term of 25 years and shall be subject to all the terms and conditions contained in an ordinance entitled: "An ordinance regulating the construction of street railways in the city of East Liverpool, Ohio," Ordinance No. 508, passed the 24th day of November, 1896, with the exception that the privilege is granted of using a T rail where the roadway is not paved, and shall be subject to all the terms and conditions contained in ordinance No. 523, establishing said route, passed the 10th day of August, 1897.

SECTION 3. That the rate of fare shall at no time exceed the rate named in the preamble to this ordinance, viz: Single cash fare five (5) cents; computation tickets in packages twenty (20) for one (\$1.00) dollar, ten (10) for twenty (20) cents, and five (5) for twenty-five (25) cents, and that it shall be run as the public convenience may require.

SECTION 4. It is expressly understood as a condition of this grant, that if said T. C. Forster, his heirs or assigns, shall neglect or refuse to perform on his part any of the conditions in ordinances as hereinbefore set forth, that may be passed from time to time by said council, this grant shall be by that council or refusal be rescinded. This ordinance becomes null and void upon the passage of an ordinance of the council of the city of East Liverpool to that effect.

SECTION 5. This ordinance shall take effect from and after its passage and legal publication.

Passed this 17th day of September, 1897.

ORDINANCE No. 529.

A N ORDINANCE TO IMPROVE THE west side of Jefferson street from the C. & P. R. R. to the south line of Third street.

SECTION 1. Be it ordained by the council of the city of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring), that the improving of the west side of Jefferson street be proceeded with in accordance with the resolution to improve said street, passed August 10th, A. D., 1897, and the plans and specifications on file in the office of the city engineer. The proposed improvement shall consist in grading the west sidewalk and side drain, setting the curb, paving the sidewalk and side drain, with bricks as called for in the resolution for the said improvement.

SECTION 2. That the expense of the said improvement, including damages, if any, assessed in favor of any land owner, together with interest on bonds that may be issued, advertising, &c., shall be assessed per foot front on the property bounding or abutting thereon, in accordance with the law and ordinances on the subject of assessments. The assessments therefor to be paid in five (5) annual installments if deferred, and in the same collected as provided by law and in the assessing ordinance hereafter to be passed. Bonds may be issued in anticipation of the collection of the assessments, unless the property owners pay their assessments before the bonds are issued and within the time prescribed in the assessing ordinance. The following is the property to be assessed: Lot 160, 130 feet; lot 161, 104 feet.

SECTION 3. That this ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 17th day of September, 1897.

No Change In the Methodist Episcopal List.

BARNESVILLE AND CLEVELAND

In the Battle For the Next Meeting of the East Ohio Conference—Well Treated by the Good People of Coshocton—Where Ministers Were Placed.

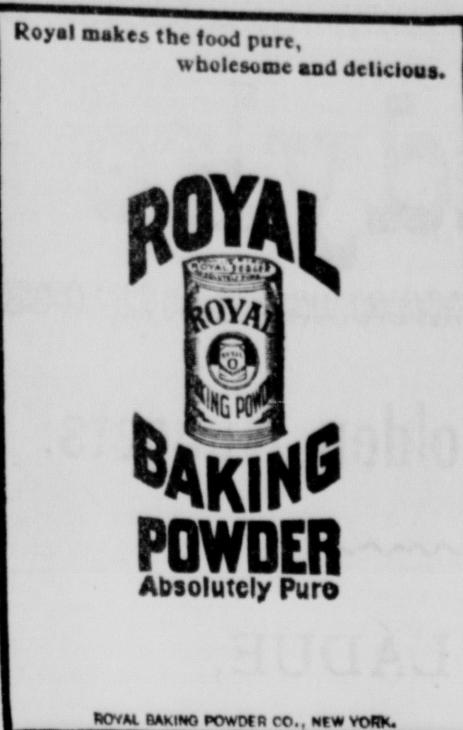

The East Ohio conference of the Methodist Episcopal church closed at Coshocton last night after being in session a week. The reading of appointments aroused the usual interest, and showed that there was to be no change in the pastors of East Liverpool's churches. Dr. J. M. Huston was returned to the First church, and Rev. S. E. Salmon to East End. The remainder of the list is as follows:

H. S. Jackson, presiding elder; Bloomingdale, F. T. Mohn; Bridgeport, W. L. Dixon; Bridgeport Circuit, R. S. Strah; Brilliant, E. S. Smith; East Springfield, L. P. Lloyd; Empire, N. W. Patterson; Hammondsburg, J. A. Young; Harlem Springs, J. W. Richer; Irondale, W. I. Powell; Martins Ferry, John T. Morton; Mingo, J. W. Satterthwaite; Richmond, W. H. Haferfield; Salineville, S. W. McClure; Smithfield, S. A. Peregrine; Steubenville, Finley and Thompson, William Fatherly; First church, Louis Paine; Hamline, A. R. Chapman; Toronto, J. B. Secret; Warrenstown, A. W. Harris; Wellsville, J. S. Reager; Winters, T. H. Taylor.

The churches of this county in the Canton district were supplied as follows: Columbiana, G. L. Davis; Damascus, M. G. Grimes; Palestine, A. N. Butts; East Rochester, J. W. Wilson; Elton, R. H. Finch; Franklin Square, J. G. Exline; Hanover, T. J. Baker (supplied); Leetonia, O. B. Jones; Lisbon, A. W. Adlinson; Negley, R. B. VanFossen; Waterford, H. B. Allen; Salem, G. B. Henthorne.

Barnesville and Cleveland each asked the meeting of conference next year, and the contest was warm, but the former won by a vote of 104 to 90.

The ministers and laymen were well treated in Coshocton, being spendidly entertained by the hospitable people of that place.

TO HAVE A NEW BANK

The Charter Has Already Been Asked.

LOCAL CAPITAL IS BEHIND IT

It Will Be Under State Law and Have No Connection Whatever With Any Other Financial Institution In the City. Plans Have All Been Made.

The NEWS REVIEW is in position to inform the public that within a few weeks East Liverpool will have another banking institution backed by merchants and other local capitalists.

The matter has been under contemplation for some time, and as soon as the charter arrives, it has already been asked, the final arrangements will be consummated.

The bank will be under the state law and have an abundance of capital, the only trouble, seemingly, is to have enough to accommodate all who desire to subscribe. The bank will have no connection whatever with any other financial institution in the city.

MOVED ANOTHER STEP.

The Salem Land Company Has Been Organized.

The plan to present Robert Hall, Monroe Patterson and John W. Hall, of this place, with a bonus of \$20,000, provided they will erect and operate a pottery in Salem, has moved another step forward. An application for a charter for a land company with a capital of \$30,000, has been sent to Columbus, and the corporation papers are expected by next Thursday. The application is signed by the executive committee of the board of trade.

GAS IN THE RUN.

Cannon's Mill Grows More Excited Every Day.

The people of Cannon's Mill believe they are living on valuable ground, and it is probable that a company will be organized and a well drilled in the near future. Gas comes through crevices in

the rock forming the bed of the run on the William Eakin farm. A can placed over any one of three spots will soon contain enough gas to allow it to be ignited. It is attracting much attention, and a number of people visit the place every evening.

DARKEST AMERICA

Will Attract a Big Crowd to the Grand.

Two special cars containing "Darkest America," arrived from Steubenville this morning. The company is first class in every particular, and will present at the Grand, tonight, one of the finest entertainments of the season.

"The Alderman," a satirical farce comedy, comes to the Grand on Thursday night. Odell Williams, who is known to every theater goer because of his connection with the "Old Homestead," has the leading role.

Walker Whiteside and his excellent company delighted a large audience at the Grand, last night. "The Man In Black" might be a better play, but Mr Whiteside is, as he has always been to his Liverpool friends, an interesting character on the stage.

TURN IN THE PAPERS.

The Committee Are Anxious to Make Their Report.

The committee, who have devoted their time to looking after the important part East Liverpool has been playing in the great coal strike, are anxious to wind up their business now that the contest is ended and make a final report. They must do this have all the subscription papers, and it is sincerely hoped that those parties having documents of this kind will turn them in to Squire Hill without delay. There are still a number in the hands of solicitors.

RIDING THE HILL.

Small Boys Enjoy the Cars on Washington Street.

The police can find abundant work if they watch the street cars as they go up and down Washington street. A number of small boys spend the greater part of each evening riding on the rear steps of the cars, and at times they crowd the platform so that passengers are inconvenienced and the youngsters endanger their own necks. One car last night contained eight deadheads by actual count.

THREE LONG YEARS IN THE PEN

A Local Case Settled In Court Today. Wellsville Sued For \$5,000 Damages Because a Boy Fell Over a Wire—A Railroad Case.

LISBON, Sept. 21.—[Special]—The Pennsylvania company settled the two damage cases assigned for trial yesterday. The actions were filed several years ago by James Dixon and Cornelius Sullivan, each asking \$2,000 for personal injuries.

In June, 1893, the men were sent on a handcar to repair tracks near Waterford. They claim they were thrown from the car by a crossing plank, and negligence was charged. It cost the company \$220 to settle.

Cornelius Reed was appointed executor of the estate of W. Q. Deidrick, of Liverpool. John Powell, D. F. Nellis and John Still are the appraisers.

The case of John B. McKinnon against the Pennsylvania company is being tried. McKinnon sued for a part of lot 42 in Liverpool and \$500 damages.

Mrs. Sophia Wucherer sued East Liverpool to recover \$500 damages for injuries to her property.

Edward Campbell, indicted for burglarizing the home of James McMillen, in Liverpool, plead guilty and got three years in the penitentiary.

Harry Allnon sued Wellsville today for \$5,000 damages.

Made Good Time.

Baggagemaster Smith this morning sent a dozen homing pigeons to Summitville, out the main line of the Cleveland and Pittsburgh. The agent at that place was asked to liberate them, and within a short time the flyers were in their lofts, having made the distance in less than an hour.

Used Winter Cars.

The cold weather of yesterday caused the street car company to use its winter cars instead of the summer cars that have been running for several months. Fires were in several of them.

Harry Allnon sued Wellsville today for \$5,000 damages.

Made Good Time.

Baggagemaster Smith this morning sent a dozen homing pigeons to Summitville, out the main line of the Cleveland and Pittsburgh. The agent at that place was asked to liberate them, and within a short time the flyers were in their lofts, having made the distance in less than an hour.

Used Winter Cars.

The cold weather of yesterday caused the street car company to use its winter cars instead of the summer cars that have been running for several months. Fires were in several of them.

SESSION IN THE STREET

Council Decided on That Troublesome Sidewalk.

IT WILL END A NUISANCE

Eighth Street Will Be Provided With a Much-Needed Pavement—Some Ancient History In Connection With West End Property.

President Peach and Councilmen Cain, Challis, Olnhausen and Stewart last evening viewed Eighth street to determine where the curb should be set and whether 10 feet should be taken from the abutting property. They were accompanied by Engineer George, Solicitor Grosshans, Col. H. R. Hill and Willard Brunt.

Mr. Howard, one of the property owners, said they proposed to test whether the land could be taken, and would make the city or Mr. Brunt reimburse them.

A copy of the original plat, approved by council May 23, 1876, was submitted, and Colonel Hill said if anything was wrong it should have been settled before the plat was accepted.

He also stated that when the Blakely addition was laid out it was he who donated a 60-foot street. Mr. Brunt had his plat come to the north side of street, as designated in the Blakely plat, and if 10 feet were missing it was on the south side of the street. Mr. Brunt said he had purchased the land from George Deacon at sheriff's sale, but did not remember the date.

Mr. Peach suggested that the curb be put on a 15-foot line and let the sidewalk make what it would. This would narrow the street three feet, and did not suit Mr. Olnhausen, who remarked that the street was the main artery to the city, and the people wanted a full 60-foot street, as they proposed to have it paved if possible next year.

The engineer said Mr. Brunt never had a deed for the land which he had staked out, and if he would look at his deed he would find this was correct.

After some measurements were taken it was found that if the curb was put in its proper place it would leave room for a six foot sidewalk without making a cut.

There was some more discussion on the subject, and Mr. Olnhausen moved that the curb be put at its proper place and a uniform sidewalk of six feet be laid, and the property owners along the street be notified that there was still three feet due the city. This was carried unanimously and council adjourned.

GORILLA LOVES A MAN.

Johanna, the Simian, Takes to the Ways of Human Beings.

Johanna, the giantess gorilla, it is said, has made a distinct advance in civilization since she joined the Barnum & Bailey show two years ago.

Johanna is undoubtedly in love, and in love with a man, too. When she first came to this country she was the bride of a big and brutal gorilla, Chico.

When a couple of years later the big fellow was carried off by pneumonia, Johanna was inconsolable. She pined and refused food until she became so weak that Mr. Bailey felt sure he was going to lose the last of his captive gorillas.

About that time, however, the old Portuguese keeper, who had had charge of Chico and Johanna, was sent back to Lisbon, and a new man was given charge of the widowed ape. He was a large, handsome fellow who had been brought up in the menagerie and who had shown a peculiar control over animals.

He began the coddling and coaxing process with Johanna and it was not long before she was completely under his control.

Her keeper, McKay, was quick to make use of her new temper, and began to teach her the arts of civilization. One of her first accomplishments was to eat ice cream with a spoon and the next to drink lemonade through a straw.

When she saw by learning such things she pleased McKay she redoubled her efforts. It soon began to be said about the show by way of joke that Johanna was in love with McKay, but the jest was a statement of fact, which Johanna herself proved by developing an intensely jealous spirit.

Johanna will be seen with the greatest show on earth, in East Liverpool next Saturday.

We Are Buying Goods.

Freight shipments to the city were very heavy yesterday, and the receiving platform and sheds this morning contained more freight than has been seen there for many days.

Exploring the Upper Niger.

After an absence of three years the expedition under Lieutenant Hourst has safely returned to Europe from the Niger. The party ascended the Senegal river and then carried the sections of an aluminium boat overland to the upper part of the Niger. On reaching this river the pieces of the boat were put together and two native boats purchased. In these the expedition sailed down the Niger to Timbuktu, where a stay of ten months was made. The voyage from Timbuktu to Lokoja, at the confluence of the Niger and Benue, seems to have been arduous, but from that point the expedition was towed by a launch belonging to the Royal Niger company to the coast at Wari. How much fresh topographical information Lieutenant Hourst's party has obtained is not yet stated. This will depend on the highest point reached on the Niger. Reuter's message states that the expedition "first met the river Niger at Kayes," but that town is on the Sene- gal river. There can be no doubt, however, that much valuable scientific information was obtained, for the expedition traveled slowly and was admirably equipped. One novelty was the use of a phonograph for reporting the native war songs. The expedition kept peace with the natives throughout the journey, in which it differs greatly from some of those previously conducted by French explorers in that region.—Nature.

A Story of Cecil Rhodes.

Often mentioned is Cecil Rhodes' dislike to women and the fact that he will not allow a female to serve him in any way. He had a secretary to whom he was much attached. One day he announced the fact that he was going to be married. The chief was thunderstruck, and after glaring at him for a second growled out, "Where the devil am I to get another secretary?" and then walked out of the room and banged the door. His innate goodness of heart, however, prevailed after a bit, for he presented the bride with some lovely diamonds, and when, soon after, he left for England he lent the young couple his carriages and horses, so that the offending bride was enabled to return her wedding calls at his expense! It never occurred to him, however, to keep his favorite secretary on. The mere fact of his marrying put that quite out of the pale of possibility.

Women and Colleges.

Of the 451 colleges and universities in this country, only 41 are closed to women. But, to make up for this lack, there are 143 schools of higher learning open to women only and having 80,000 students. The University Courier says: "Will it not soon be time to raise the question why men should be shut out from the advantages of these 143 schools of higher education which now are open to women only? Forty-one institutions are closed to women and 143 are closed to men. Why?"

Klondyke

The Land of Golden Nuggets.

JOSEPH LADUE,

the new Bonanza King of the Klondyke Gold Regions, gives the facts. His book reads like "The Arabian Nights," BUT Joseph Ladue KNOWS whereof he writes. He was the first man on the spot when the first gold was discovered last August, 1896. He located one rich claim and immediately purchased twelve others at a low price before their value was known. He has refused \$100,000 for any ONE of these claims, as they are rich with virgin gold nuggets, beyond the dream of avarice. Joseph Ladue then

Established Dawson City

at the mouth of the Klondyke and Yukon Rivers, by erecting the first house in the region in September, one month after the gold was first discovered. He bought 178 acres from the government on the city site where his town lots 150x50 are now selling for \$5,000 each.

Mr. Ladue was fortunate enough to be successful in his trading post investments to have on hand ample capital to carry out his plans, and there is no man living who is better posted on Alaska and the great North West Territories than Mr. Joseph Ladue. He has just returned from that country to his old home in Schuler Falls, N. Y., where he passed a large portion of his boyhood and early manhood. Mr. Ladue left his home nearly twenty years ago to seek his fortune in the west going first to the Black Hills, where he was successful in gold mining, thence to Arizona and the Pacific coast and finally located in Alaska and the northwest, where he has covered almost the entire country since 1882. Mr. Ladue is a typical pioneer: strong, hardy and resolute—a man of iron as one must needs be to go through the hardships he has and come out with a constitution unbroken and unimpaired at about the age of 43. Mr. Ladue has not only worked his muscles to good advantage to himself with the result of an abundance of the world's goods, far beyond the dreams of men, but he has evidently all this time been closely observing the conditions of that strange country—the Yukon Valley—which has so suddenly become one of the great centers upon which human interest throughout the world is focussed.

When the wonderful stories began to come down from the Yukon country it was naturally concluded that it was at least half exaggeration. That any such amount of gold could be taken in so short a time from a country like that under the most unfavorable conditions was held to be incredible. But when the great bags of virgin gold began to be poured out upon mint counters in San Francisco under the eyes of the whole world (for modern journalism does this, annihilating time and space) people began to wonder and the wonder grew day by day as the real facts were disclosed, and now people who are well informed as to the facts declare that half the truth has not been told of the golden treasures of the Yukon Valley.

As we have already said, there is no man today alive who knows more about this wonderful country than does Mr. Ladue. What makes his talk of it specially interesting and reliable is the fact that his knowledge of it is practical. It has not been gained from hearsay nor from desultory visits made now and then at certain favorable seasons of the year, but from steady living there through the long summer days and the long winter nights, year in and year out for 15 years, where he now owns the best mining claims on the Klondyke and its tributaries.

In presenting his book to the public we do so knowing that it is by an authority on the subject of which he writes. His first work entitled

"Klondyke Nuggets"

is a brief description of the new gold regions, and anyone desiring authentic information should not fail to avail themselves of our

When the wonderful stories began to come down from the Yukon country it was naturally concluded that it was at least half exaggeration. That any such amount of gold could be taken in so short a time from a country like that under the most most unfavorable conditions was held to be incredible. But when the great bags of virgin gold began to be poured out upon mint counters in San Francisco under the eyes of the whole world (for modern journalism does this, annihilating time and space) people began to wonder and the wonder grew day by day as the real facts were disclosed, and now people who are well informed as to the facts declare that half the truth has not been told of the golden treasures of the Yukon Valley.

As we have already said, there is no man today alive who knows more about this wonderful country than does Mr. Ladue. What makes his talk of it specially interesting and reliable is the fact that his knowledge of it is practical. It has not been gained from hearsay nor from desultory visits made now and then at certain favorable seasons of the year, but from steady living there through the long summer days and the long winter nights, year in and year out for 15 years, where he now owns the best mining claims on the Klondyke and its tributaries.

In presenting his book to the public we do so knowing that it is by an authority on the subject of which he writes. His first work entitled

"Klondyke Nuggets"

is a brief description of the new gold regions, and anyone desiring authentic information should not fail to avail themselves of our

NOMINAL OFFER

which places the facts in the possession of our readers. REMEMBER, that our office is the sole distributing point for this locality, having closed exclusive arrangements with Mr. Ladue's publishers.

The cover of the work is beautifully printed in red and gold, the gold showing one of the author's nuggets as nearly as it is possible to reproduce it on paper.

It is easy to secure a copy of "KLONDYKE NUGGETS." Cut out the Coupon and follow instructions.

COUPON FOR "KLONDYKE NUGGETS."

Cut out this Coupon and bring it with you as an evidence that you are a reader of the NEWS REVIEW, and Ten Cents in cash and a copy of "Klondyke Nuggets," by Joseph Ladue, the Bonanza King of the new gold regions, will be handed to you.

Cut out this coupon and send it together with 12c in stamps for clerical work and mailing expenses, and we will send a copy of "Klondyke Nuggets" to your address. Write very clearly and give your name and address in full.

Remember, you should not delay, as you will be unable to secure this valuable work on the gold region in any other way.

TO EXAMINE THE BOYS

New System at the Association Gymnasium.

CLASSES WILL START NEXT WEEK

Director Morris Hopes to Have a Complete List of Athletes Before the End of the Month—Ladies Can Receive Instruction.

The winter season in the Young Men's Christian association gymnasium will begin next Monday, and Director Homer Morris is making extensive arrangements to care for the young men and women in his charge.

The classes will be regularly organized and put through a systematic course of instruction. It has been decided to measure all the young men and examine them carefully for defects in their physical beings. In four months another examination will be held, and the results compared. This is done for the purpose of determining what benefit they derive from the instruction.

The director has not yet decided about the ladies' classes, but if a sufficient number of applicants present themselves for instruction, they will be regularly organized. The experiment of the past few years on this line has been very successful, but the director would like to have larger classes.

WOMAN AND MUSIC.

The Two Are Bound Together In All Up to Date Education.

If a few years ago music had been declared to be as necessary in education as in mathematics or physics, the statement would have been received with amazement, if not with derision. The early aim of common school education was the making of practical men and women, and by "practical" was meant a preparation for the ordinary bread-winning affairs of life. Not that the moral side of education was ignored, but it was believed that the three R's and the hard and fast sciences, together with a general indorsement of religion and good ethics, were sufficient factors in character building and all that the schools should supply. Music, literature and drawing, if they found any place in the curriculum, were merely incidents that were not sufficiently practical to be requisites, nor was their more subtle and potent influence on the character and the higher development of the mind appreciated or perceived. Ornamental they might be, but they were not believed to be useful. Only a visionary sentimentality considered these arts as necessary to public education. Today art, in a broad sense, occupies a far higher place in the regard of every educator of note and of every man who is alive to the interests of well balanced and symmetrical education. In fact, the art influence in education is coming to be adequately appreciated, and art is no longer considered an incident in life, but rather the reality itself.

We are not attempting to detract from the nobility of labor. That education which founds industries, which adds to the comfort of mankind, which makes possible the cultivation of the arts, we must recognize, uphold and admire, but that education which tells us we are not altogether commercial machines; that to love something for its innate beauty and not for its pecuniary worth is wise and good; that by loving harmony of sound we may come to love harmony of deeds; that tones which speak to us of others' sorrows, making us forget self, may be of more worth in the end than much positive science—such education we are beginning to revere and to see in it the most practical method of developing sweeter women and nobler men.—Philadelphia Times.

A SINGULAR ACCIDENT.

While Lifting a Barrel a Strong Man's Muscles Broke.

August Gath, a brawny employee at Stifel's brewery in St. Louis, was taken to the City dispensary the other morning suffering from an unusual accident. Gath was lifting a barrel of beer, when the ligaments that connect the biceps of his left arm were torn loose, and the upper ligaments jerked the big roll of muscles upward. The skin was not even bruised, but the arm fell limp and he suffered agonizing pain.

Examination showed no bones broken. At the dispensary, to which Gath was hurried, he went into convulsions, and Dr. Newcomb gave him an anesthetic before proceeding to work. He pulled the heavy roll of muscle down to where it belonged repeatedly, but every time the muscle was let go it would be jerked upward by the shoulder ligaments. An assistant finally held the muscle in place while the doctor encased the upper arm in a heavy plaster of paris cast.

Dr. Newcomb said the mishap was a most unusual one, that the ligaments may grow together again, but the arm will never be strong. Gath is 45 years old and was known as the strong man of the brewery.—Cincinnati Enquirer.

MARRIED FOR A COOKING RANGE.

A novel wedding occurred at the fair ground at Chillicothe, Mo., one afternoon recently in the presence of at least 10,000 people. A hardware firm had advertised to give a nickel plated range to any couple that would be married at the fair grounds on a certain afternoon. Standing between the amphitheater and the judges' stand, Mr. B. V. Hughes and Miss Susie Brant of Wheeling township accepted the offer and were married in the presence of the vast multitude, assembled quite as much perhaps to witness the wedding as to see the races. The range had been brought to the grounds and placed on the rostrum erected for the bridal couple, and at 3:30 p.m. the couple presented themselves and were married, and, having complied with the conditions required by the firm, became the owners of the hardware.—Kansas City Times.

Frank Hall, chief inspector of the Wheeling district of the telephone company, spent a few hours in the city yesterday afternoon inspecting the local lines. His trip is made preparatory to making the annual repairs and the adding of new devices.

All the early trains were late this morning. The Pittsburg train was 25 minutes late, caused by running slow on account of heavy fog and doing some shifting at Steubenville. The lateness of this train delayed the down train 10 minutes at Industry.

Many persons in the city saw two beautiful rainbows late yesterday afternoon. They were suspended in the air in such a manner as to make them visible in almost every part of the city. They were unusually broad, and the colors were clearly defined.

FIVE MINERS PERISHED.

Nearly 100 Escaped From a Burning Alabama Mine.

BIRMINGHAM, Ala., Sept. 21.—About two hours after the men went to work in mine No. 2 of the Bessemer Land and Improvement company's coalmine at Belle Ellen, near Blocton, Bibb county, fire was discovered far down in the main slope. About 100 men are employed in the mine, and at once an alarm was given. More than 50 were gotten out from the various entrances without harm. Others were overcome by smoke and fell by the wayside. These the brave searchers found and dragged out.

Five men who were working about the slope beyond where the fire originated could not be reached and it is regarded as certain that they are dead. The missing are:

Herman and Hubbard Foley, white, and Henry Reeves, Frank James and William Fairfax, colored. It is possible that two or three others may be in the mines, but these five are known to be lost.

THE COMING SEAL CONFERENCE.

General Foster Arrives In Washington to Make Arrangements.

WASHINGTON, Sept. 21.—General John W. Foster has returned to Washington from his summer home near Watertown, N. Y., and immediately began arranging for the approaching international conference of seal experts in this city, which will take place some time in October. The Japanese government has just signified its assent to the invitation from the United States to send representatives to attend this conference in recognition of Japan's interest in the north Pacific sealeries.

TO AVOID ANTHRAX CONTAGION.

Falls Creek (Pa.) Affair Causes Consult to Be Instructed.

WASHINGTON, Sept. 21.—Acting upon the request of the secretary of agriculture the treasury department has requested the secretary of state to instruct all consular officers of the United States to refuse authentication of invoices of hides of meat cattle from the districts in which anthrax exists.

This request is made in view of the fact that a number of deaths of human beings and cattle recently occurred at Falls Creek, Pa., in consequence of the manipulation of hides in tanneries at that place.

Gresham Estate Settled.

CHICAGO, Sept. 21.—A final account of the estate of the late Judge Walter Q. Gresham has been filed. The widow, Matilda Gresham, is the sole beneficiary. The estate amounted to \$18,602.

CHAPMAN AND JONES.

Both Addressed the Silver Campmeeting.

AN IMPORTANT CONFERENCE HELD.

The Democratic Chairman and Other Silver Leaders Decided That the Fight for the White Metal Must Be Kept Up—Prominent People Who Spoke.

SPRINGFIELD, O., Sept. 21.—Two great drawing cards at the national free silver campmeeting were Hon. James K. Jones, chairman of the national Democratic committee, and Hon. Horace L. Chapman, Democratic candidate for governor.

Both made speeches.

The other speakers of the day were Ex-Governor St. John of Kansas, Helen Gougar, H. Mortimer Taylor of Colorado, Judge Claggett of Idaho and one or two others of minor importance. The meeting ends its week today.

Mr. Jones, General A. J. Warner, president of the American Bimetallic union, and other national silver leaders had an important conference at the Arcade hotel. It was the sense of the meeting that the fight should be kept up for free silver.

At last night's session of the silver campmeeting Melville D. Shaw, Democratic candidate for lieutenant governor, and W. H. Dove, candidate for attorney general, were guests but did not deliver speeches. Addresses were delivered by Frank Cantrell of Chicago and M. M. Taylor of Denver.

THE COMING ELECTION.

Major Dick Predicts a Big Republican Victory In His State.

WASHINGTON, Sept. 21.—Major Dick of the Republican national committee, and at present the executive officer of the Republican campaign committee in Ohio, was in the city for a few hours on a flying visit for the purpose of consulting with some Republicans of note about campaign matters.

He informed those who asked him about the situation in Ohio that it was entirely satisfactory to the Republicans, and presented a bright outlook for a Republican victory this fall. The campaign is well under way now, the Republican forces are united and the state is being thoroughly canvassed in the interests of the Republican party and the principles it represents.

After visiting several of the departments and conferring with the officials, Colonel Dick left on a late train for Ohio. From this time he will devote his entire attention to the Ohio campaign, and anticipates a season of hard work.

An Ohio Man Beheaded.

SCRANTON, Pa., Sept. 21.—Charles Newcomb of Conkling, O., has been beheaded at the Delaware, Lackawanna and Western railroad passenger station here. He was in charge of a car of poultry enroute for New York city. Newcomb left the train and had gone into the restaurant for his breakfast. While there the train started and in trying to board a car he fell beneath the wheels and was instantly killed.

For G. A. R. Quarters.

CINCINNATI, Sept. 21.—Messrs. A. D. Smith, Alfred Sythe, C. D. R. Stewarts, Thomas S. Timson, H. D. Turner and Clarence Blackman, representing Bidwell-Wilkinson post and citizens of Buffalo, have arrived here to secure quarters for the national G. A. R. encampment next year. They had a pleasant ride with Governor Bushnell, who gave assurance of a royal reception here in 1888.

Started a New Plant.

BELLAIRE, Sept. 21.—After a two-months' shut down and expending \$50,000 for the erection of a blast furnace, steel plant and plate mill, the Bellaire Steel company here has started the plant, giving employment to 500 men.

2,000 Returned to Work.

BELLAIRE, O., Sept. 21.—All the large coal mines located on the Baltimore and Ohio, Cleveland, Lorain and Wheeling, Bedding banks, in Belmont county, have been started, operators paying the 56-cent rate. Two thousand miners returned to work.

Expelled Supervisors Ejected.

SAN FRANCISCO, Sept. 21.—After having maintained possession of the council chamber uninterruptedly for 48 hours the eight members of the ousted board of supervisors were forcibly ejected by a squad of police.

Leprosy In North Dakota.

WASHINGTON, Sept. 21.—Acting Assistant Surgeon F. R. Smyth of the Marine hospital service has written to the surgeon general informing him of the existence of two cases of leprosy in Walsh county, North Dakota.

Earthquake Caused Great Alarm.

LIMA, Peru, Sept. 21.—There has been strong earthquake shocks here. Great alarm was caused among the inhabitants, the majority of whom rushed out into the streets.

PEARY ON HIS WAY BACK.

He Has Esquimaux With Him and Will Try to Reach the Pole.

SYDNEY, C. B., Sept. 21.—The steam sealing bark Hope with Lieutenant R. E. Peary and party on board has returned from North Greenland. All on board are well.

The Hope came into port burning her last ton of coal and with her bulwarks and decks giving evidence of the furious seas of an unusually stormy summer. She is nearly as deep in the water as when she left here in the latter part of July with her bunkers full of coal, for the huge Cape York meteorite, the largest in the world, is in her hold and bedded in tons of ballast.

Lieutenant Peary has on board also six Cape York Esquimaux, who will go with him when he returns next year to attempt to reach the north pole.

Andree Pigeon Story Not Believed.

ST. PETERSBURG, Sept. 21.—The reports that Professor Andree and balloon has been sighted in the interior of Siberia are not belied here. Captain Kovonko, the leading aeronautic expert in Russia, firmly discredits them. He asserts that if Andree ever returns it will certainly not be in midair, as the balloon could not have kept up beyond 12 days.

Manufacturer Accused of Arson.

PHILADELPHIA, Sept. 21.—The files of Mayer, Landis & Co., at Twentieth and Allegheny avenue, has been destroyed by fire. Loss, \$20,000. Harry A. Landis, a member of the firm, was placed under arrest and held in \$3,000 bail for a hearing, charged with setting the place on fire. There was an insurance of \$20,000 on the place.

Tramps Robbed a Train.

MINNEAPOLIS, Sept. 21.—Three tramps have held up a Great Northern cattle train near Smith lake, Minn. They made their way to the caboose where they robbed several cattlemen. Two of the robbers succeeded in jumping from the train while the third one was cornered and arrested.

Sovereign Grand Lodge I. O. O. F.

SPRINGFIELD, Ills., Sept. 21.—The sovereign grand lodge, Independent Order of Odd Fellows, is holding its annual session here this week. Delegates from every state and many from Europe, Canada, Australia and other foreign places are present.

NEW GRAND OPERA HOUSE,

J. A. NORRIS, Manager.

Thursday, Sept. 23rd.

A NIGHT OF LAUGHT
